

Delivering Expert Advice & Services to the Shipping & Logistics Industry

DPS is a professional ICT Solution provider offering High Quality Brand Name Hardware, Software combined with excellent support. Our services include all aspects of Technology capability including Infrastructure, Servers, PC's, Peripherals as well as Internet Services, Networking, Web / E-Commerce Development, Communications and Telephony.

In an Industry where everybody is claiming to "have the right answers" we would rather be recognised for having "asked the right questions". In this way we can be sure that we completely understand our customers' business and therefore provide the level of Professional Advice and Guidance in which we pride ourselves.

Over recent years have created an impressive reputation particularly in the Shipping and Logistics industry as quality suppliers of technology for a wide range of customers in this sector. Our success in this industry has been accelerated by a number of recommendations from satisfied clients we have worked with. We have also worked extensively in Businesses of all sizes, Local Government. and Education.
